CONDITIONS: Wet frozen granular snow with 4-12" of base. Spring conditions.

COMMENTS/OPERATIONAL NOTES: Trails open include Whitaker Woods & north to Intervale network up to 16A. Trails last groomed Wednesday morning include Whitaker Woods and north to the Intervale PO and Stonehurst Manor. Trails are starting to show spring conditions, bare or icy sections may exist on all trails. Trails open include Powerline, Cranmore, upper Schuss, Gradual, lower Vista, Lucy, Wellinghurst, Whitaker and Bancroft. In the Intervale network, Stonehurst, 1785, Intervale and Lower East Branch.

All trails in Whitaker Woods are open to fat tire bike riding today.

Pending another significant snowstorm we are closing for the season today. Some trails still maintain good coverage but without more snowfall trails are starting to lose snow cover and develop icy sections. If the warm weather pattern continues this week water puddles will be found in low sections of trails. Thank you for your support this ski season.
